CHINESE FUND MELTING

It looks as if the Chinese fund, what is left of that troublesome trust, will be all paid out to rightful owners in the money before many days shall have elapsed.

Ever since the approval of the Act providing for the care, custody and payment of the money to the persons entitled thereto, the office of the Secretary of the Territory has been besieged daily by claimants. There is a busy traffic going on between the Secretary's and the Auditor's office across the upper hallway of the Executive building.

Secretary Carter, answering a question, said he thought the Chinese depositors of the fund were going to draw all of the balance.

M. R. da Sa has discontinued his appeal from judgment in the District Court for \$225 in favor of B. T. White.

LANTANA'S LITTLE Foe

Professor A. Koebele in Mexico ran across a great many plant pests which would destroy or at least prevent the spread of lantana. The trouble with a large proportion of the insects, beetles or worms he took note of was that they would be dangerous to useful vegetation if introduced into Hawaii to fight lantana. Such few as the Government entomologist deemed harmless he sent specimens of here in advance and brought large lots of them home with him when he returned. The most favored parasite is a small fly that enters into the lantana seeds, destroying their fertility. This creature is thriving mightily on the experimenting grounds. It has invaded every lantana plant in sight. Professor Koebele believes that this fly will not harm any of our useful plants.

PUBLIC WORKS IN KOOLAU

Superintendent of Public Works H. E. Cooper, inspected roads and bridges on the Koolau side of this island as far as Waiahole and Waikane yesterday. He said this morning he found "much to mend."

The breakwater was carried away some time ago. A like fate overtook the bridge on the main road, since when the stream has had to be forded. There are considerable repairs necessary to roads and bridges of the district.

Mr. Cooper has items in the general appropriation bill for the breakwater and the bridge mentioned. When that measure has passed the works will be pressed as speedily as possible.

NEW DRUG CORPORATION.

The articles of incorporation of the Chambers Drug Co. Ltd., have been approved, so that the new corporation may start business at its pleasure. The term is fifty years and the capital stock \$10,000 divided into 100 shares of the par value of \$100 each. As its name implies the corporation will do a general drugstore business. Its officers and directors, with the shares subscribed by each, are as follows: Albert Chambers, president, 10; Frank E. Nichols, vice president, 20 and as trustee 25; Thomas E. Wall, treasurer, 20; Alfred C. Wall, secretary, 1; Abram S. Humphreys, director, 1. The privilege is reserved of increasing the capital stock to \$50,000. The sum of \$5200 in gold has been actually paid in.

WORK IS BEGUN ON LOAN BILL

Emergency Appropriation Is Completed On Second Reading.

TOTAL IS RAISED BY MORE THAN \$40,000

DISCUSSION ON THE METHODS OF HANDLING LOAN BILL ITEMS. HOUSE ADJOURNS TILL THURSDAY.

HOUSE.

Extra Session.

Fifteenth Day.

Mr. Kou presented the following resolution, which was laid on the table to be considered with the bill: "Breakwater at Punaluu, \$2,000; breakwater at Kalaanui and Lelepa, \$8,000; breakwater at Makao, \$2,600.

Emergency Bill Passed. The House went into Committee of the Whole for the consideration of the Emergency Appropriation Bill:

The following item passed: "Roads and bridges, Fourth District, including Nuanuu avenue, Honolulu, \$25,000."

Sections 2 and 3 passed without amendment, and when it came to section 4, which provides for bids and contracts, Mr. Kumalae moved to insert the provision that contracts shall be awarded only "to the lowest bidder, who shall furnish a good and sufficient bond," upon public advertisement for tenders.

The committee then took a recess to allow the clerk time to figure up the total amount.

The committee was called together again in about ten minutes and the clerk then read the first section of the bill with the amended total, reading \$243,416.75. The original amount was \$196,656.85, but the epidemic of yesterday swelled the amount to \$42,759.90 above the original estimate.

Vice Speaker Knudsen took the chair and another recess was taken to allow the clerk time to prepare the report of the Committee of the Whole.

The report, recommending passage of the bill in second reading, was read and adopted.

The House next took up House Bill No. 2, the Loan Bill.

Committee of Whole.

Mr. Kellinot moved that the various items in the bill be referred to the delegations to which they properly belonged and that the reports be made some time next week. Speaker Beckley said the motion could not be entertained. The House would have to resolve itself into committee of the whole. On motion, this was done and Mr. Long took the chair. The report of the special committee on the bill was then read.

Mr. Chillingworth moved that the territorial items be taken up by the committee in order that the exact surplus for the counties might be determined. Mr. Kumalae renewed the motion of Mr. Kellinot to refer the items to the various delegations. Mr. Kumalae said the best thing to do was to take out the county items first and then consider the territorial expenses.

Mr. Kaniho said he did not believe the House had any right to consider the bill. It should have been considered during the regular session. The head

of the bill made it ostensibly a loan bill and yet the body would certainly indicate that it should have been considered during the regular session. The bill had no reference whatever to the bill already considered during the regular session. Mr. Harris said the committee had recommended a change in the heading.

Report Taken Up. On motion of Mr. Harris, the report was taken up for consideration. Mr. Harris further moved to adopt the report. Mr. Beckley objected, saying that such action would pass the bill on second reading. He wanted the items attended to. Mr. Harris said the report did not call for passage in second reading. Mr. Kellinot said the motion was out of order. The House could not adopt a report referred to the House. The chairman ruled the point well taken.

Mr. Kellinot again renewed his motion of referring the items to the respective delegations. Mr. Beckley moved to take up the title of the Act in order that it might be reported. This carried and Mr. Beckley moved to amend in accordance with the report of the special committee. This carried.

On motion of Mr. Kellinot, Section 1 was stricken out and Section 2 was amended as suggested in the report.

Once more was the pro rata motion made by Mr. Kellinot and this time it carried. The committee then rose, reported progress and asked leave to sit again. The report was adopted.

Adjourned Until Thursday. Mr. Chillingworth moved to adjourn and Mr. Kumalae amended to adjourn until Thursday. The latter carried by a vote of 14 to 10.

HOUSE FOLLOWS IN WAKE OF SENATE

The House registered its silent objection to the present attitude of the Senate at the forenoon session today by adjourning until Thursday forenoon. This action was taken after the consideration of the Loan Bill in second reading.

The matter was all canvassed during the recess when the clerks were getting up the report of the Committee of the Whole on the Emergency Bill, and the majority of the members were found to be in favor of the adjournment, so that the whole thing was a foregone conclusion, although it was a surprise to some of the members when Mr. Kumalae made the motion.

This move has been in contemplation since the Senate adjourned for three days without passing the House expense bill. The House members or, at least, the majority of them, cannot afford to attend the extra session of the Legislature without being assured of their compensation as a means of helping out in their living expenses. Most of them are dependent on salaries from various positions on this and the other islands for their livelihood, and this is all going by the board now that it is incumbent upon them to attend the extra session of the Legislature. They need the money and feel that they should have it. They fail to see where the Senate comes in as the judge of the expenses of the House and as long as the Senate continues to hold up their expense bill, just so long will they continue in their present attitude.

The present plan is to adjourn so that there will be no sessions of the House while the Senate is in session, that is, taking it for granted that the Upper House will continue in its policy of adjourning over three days at a time. Of course, this all means that the work of the people of the Territory is being retarded, but the members of the House feel that the Senate, being the "superior" body, has set the pace and they must needs follow suit.

ATTORNEY GENERAL SWEARS TO COMPLAINT

Says That Tong Kai Did Corruptly Promise \$1500.

CASE IS CONTINUED TO AWAIT GRAND JURY

BRIBERY CASE MAKES ITS FIRST APPEARANCE IN THE POLICE COURT—GRAND JURY REPORT EXPECTED.

The case of Tong Kai, charged with having attempted to bribe Deputy Attorney General Emil C. Peters, came up in the Police Court this morning. Deputy Sheriff Chillingworth wanted the case continued while the investigation of the Grand Jury was still pending. He understood that it would report on the case on Monday. Attorney F. M. Brooks, who appeared for the defendant, strenuously objected to any continuance. The defense was ready, and even eager, for the case to come to trial. He submitted that no complaint against the defendant had been sworn to by anyone. There was not even a warrant for his arrest. The case had now been continued a number of times. Counsel did not see on what authority the defendant could be held under these circumstances.

Judge Dickey stated that he did not see how he could hold the defendant without any warrant or complaint. The Deputy Sheriff then asked that the case go over for a few minutes and word was sent to the Attorney General in great haste. In a few minutes Mr. Andrews appeared on the scene and immediately swore to the warrant, which reads as follows:

"Lorrin Andrews, Attorney General, Territory of Hawaii, being forth duly sworn, says: That one Tong Kai did at Honolulu, Island of Oahu, Territory of Hawaii, on the 19th day of May, A. D. 1903, violate section 255 of the Penal Laws of 1897 of the Territory of Hawaii, in that he did at such time and place corruptly promise to a certain executive officer of the Territory of Hawaii, to-wit, the sum of fifteen hundred dollars a week, with intent to influence his acts in his capacity as Deputy Attorney General aforesaid in certain cases, to-wit, violations of the provisions of the Penal Laws of 1897 of the Territory of Hawaii, and did then and thereby wilfully obstruct the course of justice, without authority, justification or extenuation by law."

The penalty for a violation of this section is imprisonment at hard labor not more than two years, or a fine not exceeding five hundred dollars.

After the reading of the complaint Deputy Sheriff Chillingworth made a motion that this being the defendant's first appearance in this complaint, the case be continued until next Tuesday. Brooks stated that he thought that the complaint was faulty, but would offer no objection to a continuance. The case was accordingly continued until Tuesday.

SALOONS CUT PRICE

Saloons all over town are cutting the price of drinks. It has been found that the cutting down of the prices of drinks on the part of three of the saloons of the city has had an appreciable effect on the others. The move had been postponed for some time but business has demanded that they make the cut, and so today, the following saloons went down to the 12 1/2 cent rate: Merchants' Exchange, Pacific, Anchor, California, Encore and Cosmopolitan. It is probable that the Anchor and Progress will cut the price of drinks this afternoon although at 1 o'clock they had not done so.

The saloons of the city that will hold out for the present are as follows: Fashion, Criterion, Cunha's, Hoffman House, Royal Annex, Royal and Favorite. It is probable that some of these will come down when it is learned that so many of the others have come down. The first cut was made by the hotel bar. Later on came the Columbia and Pantheon.

The total strength of the National Guard of the United States is 115,749. A fair rate—the rate of fare.
